

Double Wedding Ring Instructions

I had a request to put all of the Double Wedding Ring Quilt Along directions in one spot. This is it.

Early in 2014 I made this Double Wedding Ring quilt for our daughter Kelli and her husband Jason as a wedding present.

In 2018 American Patchwork and Quilting published it in their June 2018 issue four years after I made it! You can [find back issues of the magazine here if you want one.](#)

Making Outer Row

Connecting Rows

This is the second Double Wedding quilt I made. I made this one in 2012 for our son when he got married.

I love making them even though they are an intense project. I have another planned and will update this page once I get it done!
